Dr. Joshua Lederberg  
Department of Genetics  
College of Agriculture  
University of Wisconsin  
Madison 6, Wisconsin

Dear Doctor Lederberg:

I am in receipt of your letter of February 15th and wish to thank you for writing to us. We are interested indeed in the qualifications of Dr. S. Gaylen Bradley, and appreciate your calling him to our attention. I have referred your letter to Dr. Ernest Weber, who is director of our Bio-chemical Research Division, and who would be most concerned with genetic applications in industrial microbiology. Dr. Weber has informed me, however, that no positions are available at the present time.

I am sorry that we cannot be of assistance to Dr. Bradley right now, but hope that he will feel free to contact us at any time in the future.

In the meantime, we wish to extend to him and to you our very best wishes.

Sincerely yours,

*Gladys L. Hobby*
